Packaging Instructions and Decal Placement

D350-591-213

Apply label D2729-4 & D2728-1 as per drawing below and ensure Dart label is facing up. Place step in plastic bag. Place MF1612 at each end of box and glue to the interior. Place 2 pcs of MF4612B at each end of box. Place step in box, trim 1/2" off top portions of MF4612B and place to correspond with bottom foam already in place. Place hardware and paperwork in plastic bag, then place packages at end of step. Ensure hardware and paperwork are tightly packaged between end of box and MF4612B. To prevent movement, apply glue to the top pieces of MF4612B. Close box, apply Dart logo tape (always starting at first complete Dart logo) on front flap of box, lengthwise. Apply strapping after first Dart logo, then after applying strapping after every second Dart logo. Apply clear tape over strapping. Apply label D2729-3 as per instructions in QSI 014.
